

# LONDON TO PARIS CYCLE

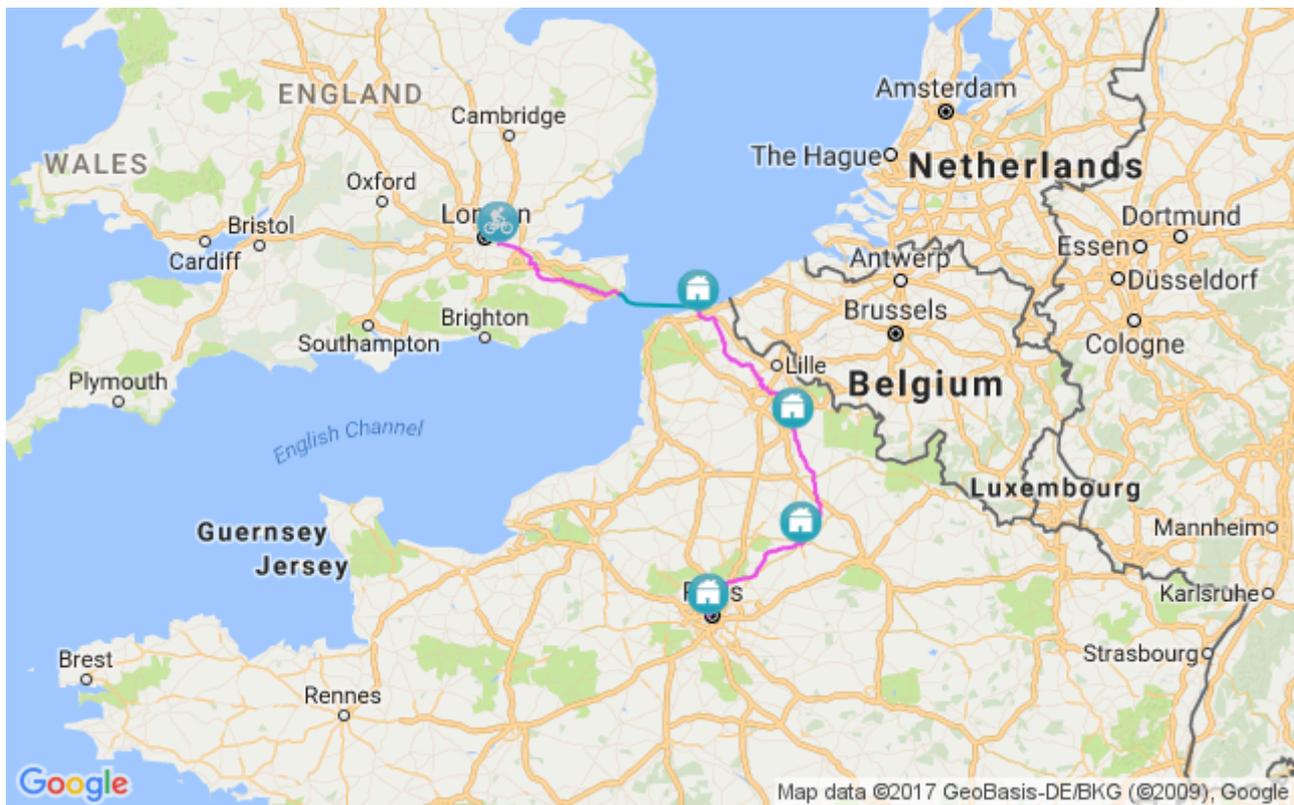

UK, FRANCE • CYCLE • CHALLENGING

## ABOUT THE CHALLENGE

Cycling from London to Paris is one of the great cycle experiences in Europe. Passing through picturesque Kent countryside, we cross the Channel and continue through the small villages and medieval market towns of Northern France. With long days in the saddle and some strenuous hill-climbs, the sight of the Eiffel Tower, our finishing point, will evoke a real sense of achievement. Our last day in Paris allows us to explore the sights and soak up the romantic atmosphere of this majestic city!

**LONDON TO PARIS CYCLE** • 5 DAYS

---

### Day 1: London – Dover – Dunkirk

An early start from Blackheath Common allows us to avoid the morning traffic as we pass through the outskirts of London onto quieter roads. It is not long before we are among the rolling fields and villages of rural Kent, passing orchards and traditional oast houses where hops are stored. We follow country roads across the hills of the North Downs to Dover and the coast. Taking the ferry to Dunkirk, we have dinner on board and cycle the short distance to our hotel. Night hotel. *(Dinner on ferry not included)*

**Cycle approx. 136km (85 miles)**

---

### Day 2: Dunkirk – Cambrai

We head south from Dunkirk, riding roughly parallel to the Belgian border. A long day in the saddle lies ahead, but the terrain is fairly flat as we pass through small villages and farmland, with some areas of shady woodland. A few hills mid-way through our morning stretch the legs a little! The area we pass through saw a great deal of action in WW1 and many road-names in towns and villages testify to the history. Our afternoon is predominantly flat as we ride southeast, though a few hills await us before Cambrai, a town which dates back to Roman times. Night hotel.

**Cycle approx. 161km (100 miles)**

---

### Day 3: Cambrai – Soissons

Today is shorter, but almost continually hilly, as we cross beautiful rolling landscapes, where fields of crops stretch for miles. For the first part of the day we pass small war cemeteries, reminding us of events a century ago. We have a great view of the River Somme, which we cross before our first water-stop. Narrow lanes lined with hedgerows take us through

---

small villages with ancient crumbling buildings, and we follow wider boulevards through historic towns with striking churches and town halls. The last section of our route runs through an area involved in the WW1 Battles of the Aisne, with more cemeteries and memorials to the fallen. With roughly ten miles to go, the road climbs steeply out of the pretty village of Vauxaillon, winding through woodland and into open fields with wonderful views. A rewarding descent brings us to Soissons, an ancient town which lies on the River Aisne. Night hotel.

**Cycle approx. 114km (70 miles)**

---

## Day 4: Soissons – Paris

Our final day's cycling takes us southwest, on yet more undulating roads through small villages and farmland. There are some short sharp climbs in the morning, before we reach busier roads. As we cycle through the Parisian streets we look out for distinctive landmarks, feeling excited at being this close to our goal! Then we sweep around the Arc de Triomphe and down the famed Champs-Élysées to our finish beneath the lofty arches of the Eiffel Tower. We head to our hotel and get ready for a celebration meal to mark our achievement. Night hotel.

**Cycle approx. 121km (75 miles)**

---

## DETAILED INFORMATION

### Roomshare Arrangements

Accommodation is usually on a twin-share basis in hotels convenient to our route. Please tell us if you know somebody else on the trip that you would like to share with and we will try our best to accommodate your request. If you don't know anyone else in the group don't worry, we always pair you up with someone of the same gender, and a similar age where possible. We do not charge a single supplement if you are a solo traveller in a shared room.

There may be a limited number of single rooms subject to request, on a first-come first-served basis, after you have booked. Extra charges will apply.

---

### Accommodation

We usually stay in hotels or lodges of a 2-3\* standard or equivalent. Standards may vary between the hotels but they are generally comfortable and convenient for our route. Hotels are often on the outskirts of towns to minimise unnecessary extra mileage and avoid traffic.

---

### Food & Dietary Requirements

The food provided is plentiful and will give you plenty of energy. Lunches are generally buffet-style while dinners are usually eaten at the hotel. Being vegetarian or having other dietary requirements is not usually a problem provided you let us know well in advance. If you know there are plenty of foods you cannot eat you may wish to bring extra snacks from home so you can top up your energy supply.

---

### Leaders & Trip Support

Your trip will be led by experienced Discover Adventure leaders and support crew, including mechanics. Our leaders are selected for their knowledge and experience, friendliness and approachability, sense of humour and ability to safely and effectively deal with any situation that arises; they are also trained in first aid. The crew will have mobile phones and/or radios where appropriate, medical kit and other safety apparatus where necessary.

The number of crew and support vehicles looking after you will depend on the final size of your group, but the team will be looking after every aspect of your trip whether that's transporting your luggage, ensuring your route is well-marked, making you lunch and sorting out any mechanical problems. Support vehicles are with the group all of the time, and carry all luggage and spares.

---

## Trip Safety

Your safety, and that of the rest of the group, is our highest priority. Our trips are designed and planned with safety in mind. Your crew will be equipped with communication devices (eg phones, radios and/or emergency satellite phones), medical kit and other safety apparatus appropriate to the destination. Our leaders always have access to our 24-hour emergency UK back-up. They are responsible for safety on the trip, and will make any changes to the itinerary they deem necessary, should local conditions dictate. Pre-trip administration - such as medical questionnaires and travel insurance as appropriate - is all done with your safety in mind.

# PREPARING FOR THE CHALLENGE

## Clothing

We plan our trips around the optimal weather conditions, but could still be exposed to bad weather at any time. It is vital you are prepared for all conditions. We provide you with a detailed packing kit-list on registration, as well as details on useful discounts you are entitled to as a Discover Adventure customer. We are always available if you need advice.

---

## Fitness Levels

This is designed to be a challenge, and it is vital that you train sufficiently for it. We will supply you with a thorough training guide once you have registered. We expect all participants to train hard in advance, but we respect everyone's limits and do not expect everyone to maintain the same pace. Inadequate training is likely to have an impact not just on your chances of completing the challenge, but enjoying it too - and we want you to have the time of your life!

---

Our challenges attract people of all levels of experience and fitness, all ages and backgrounds. We design our challenges so that everyone can go at their own pace: this is not a race. For logistical and safety reasons we sometimes need to re-group, so the front-runners may find themselves waiting for the slower ones. Please relax, and remember that this is a team effort that enables people to achieve their personal goals and earn sponsorship.

## Passport & Visa / Vaccinations

Entry requirements vary depending on your destination and nationality. It is your responsibility to ensure your passport is valid, and any visas are obtained in good time. Check the [FCO's advice](#) on entry requirements for your destination to be sure. To find out if you need a visa you can [check requirements on our website](#); please ensure you allow plenty of time.

Your routine UK schedule of vaccinations should be up-to-date (especially tetanus). We recommend you check [Fit For Travel](#) for further details. You should always check with a GP or travel clinic for up-to-date travel health advice as it does change.

## CYCLE TRAINING WEEKENDS
