### Story

Thanks for visiting my Just Giving fundraising page where I'm planning to raise £1500 in support of Prostate Cancer UK by completing the Winter Ballbuster.

I lost my Dad to prostate cancer a few years ago and now it's time I did something about it. I was not aware of prostate cancer until it happened so I want to do this ride to raise awareness of this disease and hopefully stop other families having to go through what we did.

10,000 men die each year as a result of prostate cancer, yet most men are unaware of the disease, tests are unreliable and research is badly underfunded so we need to change this urgently.

I've completed a few longish cycling rides in the past but have never completed a duathlon before. This is a notoriously tough event and remains one of the toughest endurance challenges in the UK. It will test my fitness and stamina to the max, but it is nothing compared to what my dad went through. Check out their website here: <http://humanrace.co.uk/events/duathlon/winter-ballbuster> .You could even join me on it!

Your contribution will make a real difference and keep me focused on training and on the day.

So please dig deep and donate now. Your generosity will make a real difference.
